1. The Grmosnica underground munitions depot is located north of the Stenjevac-Zagreb highway near the suburb of Kustosija. The depot comprises three magazines, one of which is stocked with detonators and gunpowder loads, and the other two with munitions. The latter are located on three levels, and are connected by means of a 0.42 meter railroad track.
2. Buildings housing the depot directorate, guards, and communications equipment are located above ground. The depot employs 16 civilian warehouse officials, for whom housing facilities are provided in Kustosija and Vrapce. There are 11 permanent guard posts manned by 65 guards who rotate every week. Communication with the Zagreb Command and the Second Army General Staff is maintained by radio and telephone.
